CAMP STAFF

Tom Stokke

Tom teaches a variety of computer science classes at the University of North Dakota. His research interests include computer science education and user interfaces. Tom's hobbies include playing, coaching and refereeing volleyball. Tom also enjoys spending time with his wife, Angie, and his three young children: Nick, Erik and Elle.
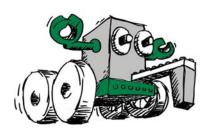

Nancy Rice

Nancy is the department's office manager who helps with the "behind the scene" tasks. She handles purchasing and tracks the camp finances. Nancy enjoys watching the camps come together and helping make them a success.

Camp staff will also include graduate and undergraduate students from the UND Computer Science department. They have been selected because of their interest in computer science education.

3264 Campus Road Stop 9021
Grand Forks, ND 58202-9021**

Lego® robots are easy and fun to program. The software used to program the robots was designed for grade school children so campers will be able to start right away. There are several means of creating control programs to operate the robot, each with more power and complexity. As campers become more proficient at controlling their robot, there are programming tools designed to grow with him/her. The cScibot Robotic Camps will be held in various classrooms in the Computer Science Department located in Streibel Hall on the University of North Dakota campus.

In the intro camp each camper will use a Lego® Mindstorm™ NXT robot kit to build a computer controlled robot. The campers will learn to program solutions to teach the robot to react to its environment. Campers will learn how to control the robot to avoid obstacles, find, pick up and carry objects, and even compete in different competitions.

The advanced camp is for students who do well in the intro camp and are looking for more advanced problems We strive to create new challenges for every camp each year. Many students who don't feel ready for the advanced camp choose to enroll in the intro camp again.

If campers are interested in attending both a morning and afternoon camp in the same week, camp staff will provide supervision for any campers who wish to bring a sack lunch.

For questions about the camp contact:
Tom Stokke • 701-777-3337
tstokke@cs.und.edu

For questions about registration contact:
Brenda Dufault • 701-777-0841
brenda.dufault@email.und.edu

Each camper
will get an official cScibot camp
t-shirt and certificate
of completion.

cScibotRobotic Camp

Cancellation and refund policy
To cancel your camp registration, please submit a written or faxed notification to UND Summer Events, 701-777-4282 or email brenda.dufault@email@und.edu
We reserve the right to cancel a camp due to low enrollment numbers.

Refund policy:
- Three weeks prior to start of the camp : 100%
- Two weeks prior to start of the camp: 50%
- No refunds will be issued one week prior to the start of the camp
- No refunds will be made due to behavior issues
- The registration fee will not be pro-rated if the camper leaves early for any reason

These camps are geared for children ages 9 - 14.

Scholarships
A limited number of need-based scholarships are available. Please call Tom Stokke for more information, 777-3337.
